

Ten Pahokee Girls Win Harvest Contest

Attention ..

Parents of Boys
An organizational meeting for Little League will be held Thursday, April 12, 7:30 p.m. in the Activity Room at the High School.
All parents of boys between the ages of 8 and 14 years - parents who have boys playing or would like to have their boy play ball - are urged to attend this meeting.

It takes the interest of EVERY parent to conduct a successful Little League program for our boys. Last year's cooperation was a bit disappointing and we're urging every one of you to help this year. An officer said: "PLEASE BE AT THIS FIRST MEETING!"

Civil Defense Headquarters Being Readied

An early call for bids for construction of a new Palm Beach County civil defense headquarters building was seen with the appointment of the West Palm Beach firm of Brockway, Weber and Brockway to prepare plans for the structure.
The new headquarters, to be financed jointly with federal matching funds, will be built on Belvedere Road, north of International Airport at West Palm Beach.

New City Inspector Takes Over Duties

City Commissioners authorized the hiring of Stuart Fuller of Riviera Beach at a recent meeting as city inspector, his appointment becoming effective Sunday.
Mr. Fuller, building inspector in West Palm Beach before coming to Belle Glade, served five years in the Air Force as test pilot and engineering officer. He is a member of the Society of American Military Engineers.
Following his years in service he had his own construction company in Virginia and also was in a partnership business in Georgia for several years. He held the position as technical consultant for five years with Federal Air Hospitals throughout the state.
The new inspector is married and has three boys. He is trying to find a place to live and move his family here from Riviera Beach.

Atoms Of Health Workshop At BG Hi School Apr. 17

The Atoms of Health Workshop will be April 17 at the high school cafeteria, Belle Glade from 7:45 p.m. to 10:00 p.m. It is sponsored by the Palm Beach County School Health Planning Council in cooperation with the Board of Public Instruction County Health Department.

Participants will be representatives of the County Health Department, the State Board of Health, and physicians. These people are giving of their time and talents to bring to YOU, the interested people of our county, the latest information relating to some of our health problems, and to answer some of your health questions. Your only obligation - ATTENDANCE.

School health problems will be discussed, along with many other health aspects and your questions will be welcomed. This is an opportunity for teachers, parents and health personnel to exchange ideas and gain a better understanding of the total school health program, as well as to plan for the future health programs.

The programs: "Positive Eating Values"-Nutrition in the school and home, presented by Miss Ramona Powers and Miss Mary Ann Marshbourne; "Organize to Immunize"-An action program for immunizations presented by Dr. Ray Kaufman; "Be Safe Today-Be Alive Tomorrow"-accident prevention for all, presented by Dr. Lawrence Leviton; "Violent Deception"-social attitudes set the pattern, presented by Mr. Harvey Smetzel.

Very Barnette, Fla. State Board of Health and Dr. Donald Logsdon, Chairman is C. Floyd Baker, Health Educator, Fla. State Board of Health-so you know it will be interesting, as well as educational.
If you have any questions, on the above topics, send your questions in advance to Mrs. Frank Meyers, Health Chairman, Palm Beach County Council of P.E.A., P. O. Box 1066, Lake Worth, Florida, so they can be covered in the program. Of course, there will be short periods for questions from the floor too, but time always is too short-so send the questions early and be sure they are answered.

Kickoff Coffee Will Launch Cancer Crusade Scnday, April 8

A kickoff coffee at the Cottage Grill this a. m. 9 to 10 will launch the American Cancer Society's annual Crusade in Belle Glade. More than 40 volunteer workers will begin the house to house canvass on Sunday afternoon April 8, under the personal direction of Lee L. Cranford, chairman, heading the Belle Glade and South Bay drives.
Mr. Cranford stated during the campaign the volunteers will be calling on friends and taking part in a drive to raise \$125,000 to be used in a fight against the disease.
Harry Massey, county Crusade chairman, noted this week's annual fund raising and public education campaign opened April 1 and will continue throughout the month with all county communities taking part in a drive to raise \$125,000 to be used in a fight against the disease.

However, in human terms, he said, progress in cancer control has been dramatic and remarkable. In 1952 there were 25,000 cancer deaths in the United States. Today, 100,000 people alive who have been cured of cancer. Twenty-five years ago there were 100,000 cancer deaths.

Smathers Seeks Sugar Act Asks Early Committee Work

The 150,000-ton addition to our basic quota and the 25,000-ton annual growth provided on the industry's legislative proposal for the mainland cane are essential to permit the marketing of the new production now under way in Florida and Louisiana, Senator Smathers told the Senate in his discussion on Sunday.

No County Gas

While Politicking

For Two Candidates

Campaigns for reelection by two members of the county commission officially got underway Monday.
The two commissioners, Chairman Lake Lyle, West Palm Beach and Commissioner Ben F. Dwyer, Delray Beach, followed a custom of long standing, advised the board that county gas assigned to the two candidates had been turned in to the county garage.
From now until after the primary election May 8, the two county cars will be in the storage and meantime Chairman Lyle and Commissioner Dwyer will be driving their own cars.

Dooley Presented Life Membership In Elk Ceremony

Belle Glade Lodge No. 1718 BPOE presented to Frank C. Dooley, District Deputy Grand Master, Florida, a life membership in the lodge, in an ceremony Monday night, April 2nd.
Past President of the Florida Elks Association, and dignitary of Florida Elksdom, was guest of honor along with several members from the Pahokee Lodge.
This presentation was along with delivery of a framed copy of a resolution by the lodge commending Mr. Dooley for his work in Elksdom and particularly in the Pahokee Lodge.
Formal installation of newly elected officers of the Elks Lodge was made before the presentation to Mr. Dooley.

Post Office Dept.-

Loses 400 Million Dollars

In Horse-And-Buggy Methods

"The Netherlands, for example, has had mechanical mail sorters in operation for over 20 years," says the Readers Digest, "but the post office is now spending 850 million dollars a year more than it takes in" with Congressional leaders estimating that 400 million dollars of this cost is represented by charges which properly should be borne by every taxpayer.
The Digest also says, "It is special rates for editorial matter and 1958 Congress affirming the fact that it is essential to make worthwhile reading matter widely available at low cost, and also established rates for advertising matter that are twice as high as for those for editorial matter."
"The proposal of one-cent surcharge, which is imposed unnecessary to raise letter mail

Pahokee, with twelve entries Belle Glade Jaycees' 8th Annual Harvest Queen Contest, held last Saturday night at the High School Auditorium, walked off with Queen award and first runner-up.

Lobely Miss Ruth Colvard, 17, daughter of Rev. and Mrs. Guthrie Colvard, Pahokee, was crowned queen. Runner-up was china-doll beauty, Vicki Ann Alley, also of Pahokee. Belle Glade's vivacious champion, Vicki Hollingsworth, daughter of Mr. and Mrs. Jack Hollingsworth, was third place winner. These three were selected from 36 contestants by a panel of five out-of-town judges.

Placing in the top-ten were, in addition to the three, were: Nola Thomas, Alice Elaine Hart, Pat Webster, Franci Ball, Kay Gilbert, Pat Anderson and Yvon Thompson.

Every seat in the main floor and balcony was filled to view the colorful event as each girl spotlighted in the darkened room, promenade down the walkway from the front stage.

No one said here of the judges. Selecting from the bevy of beautiful girls, arrayed in 1962 fashions, colors, and deep tones, was no easy task. Confines were never lovelier nor smiles more charming.

Even with these provisions for domestic producers at no cost to American taxpayers; it not only pays for itself - it pays a bonus or dividend of approximately \$19 million annually to the U.S. Treasury. It has fostered friendly relations with help of our sugar-producing neighbors.

With World War One veterans all Past Commanders of Everglades Post No. 20 American Legion, officiating as Fall Banners Commander and Chaplain, Charles D. Goodlett, both of Belle Glade, were among the 75 persons attending the seventh annual Florida Traffic Court Conference at the Pinecrest Lakes Club, Avon Park.

The four-day conference, conducted by the Florida Bar and the General Extension Division of Florida, focused attention on the administration and enforcement of Florida's traffic laws.

James E. Economos of Chicago headed the instructional staff. He is director of the Traffic Court Program of the American Bar Association.

President R. A. Darr of the Intermediate Credit Bank of Columbia, S. C. got "muck in his shoes" last week on a visit to the Glades for the purpose of "getting in the field with the farmer."

Billy Rogers, Director and George Wedgworth President of the Florida Cane Growers Co-op, take time out from cane fields to show the visitor a sample of a major Glades vegetable crop - celery.

The stalk shown is one of a new variety bred in the Glades in a cooperative venture of faculty farmers and the Everglades Experiment Station in a continuous search for "more and better" celery.
Mr. Darr, in a meeting with Glades farmers at a dinner by the Farmers Production Credit Association was enthusiastic in his discussions of upgrading and modernizing farm credit procedures under the jurisdiction of Farm Credit agencies, in the Glades.

RUTH COLVARD (center) won the coveted Queen's crown at Belle Glade Jaycees' Harvest Contest. Vicki Ann Alley (left) was runner-up. Both girls are from Pahokee. Belle Glade's Vicki Hollingsworth (right) was third place winner.

Miss Colvard, who will reign throughout the coming year, a \$50.00 wardrobe from Kahn's, and Miss Hollingsworth won a \$50.00 wardrobe from Kahn's. Each contestant received a lovely necklace from Cox Jewelry.
The dance at the Community Civic Center from the teen-age group and the Harvest Ball at the Armory were well attended.

Military Funeral For Tom Bregger By Local Legion

With World War One veterans all Past Commanders of Everglades Post No. 20 American Legion, officiating as Fall Banners Commander and Chaplain, Charles D. Goodlett, both of Belle Glade, were among the 75 persons attending the seventh annual Florida Traffic Court Conference at the Pinecrest Lakes Club, Avon Park.

Mr. Darr, in a meeting with Glades farmers at a dinner by the Farmers Production Credit Association was enthusiastic in his discussions of upgrading and modernizing farm credit procedures under the jurisdiction of Farm Credit agencies, in the Glades.

New Hospital - Where? 'Regardless Of Studies Or Surveys'

The Belle Glade Chamber of Commerce, after considerable discussion has sent to the Belle Glade Hospital Board a list of nine questions regarding a new hospital, and the proposed joint venture with Pahokee.
Question No. 1 is answered in the following letter addressed to Herman L. Close, Chairman, and signed by F. S. Parrish, Secretary of the N. W. PB County Board, dated March 16th.
A meeting of committees representing the two Boards was held Tuesday of this week, and the conditions outlined in the letter are still insisted on by the Pahokee Committee.
A recent attempt by the Pahokee Board, or representatives of the Board to return, in effect, to the original demand about representation, we are advised, has been withdrawn.
We have the tentative answers to the other eight questions, and anticipate printing them next week in THE HERALD for the information of the public.
"This is in answer to your advising us that the southwestern Palm Beach

County Public Hospital Board desired to have a study, or survey made by some reputable agency in regards to a site for the proposed new hospital facility for the joint districts.
Our Board took this matter up at a joint meeting with its Medical Staff. We have no objections to such a survey if your Board wishes to have this done. However, we can see no useful purpose in this expense since the Boards have previously agreed upon the location of the hospital.
In further discussing this point as to location, our Medical Staff has unanimously recommended and our Board has unanimously concurred in the recommendation, that the new hospital facility will be located within a half-mile radius of the mid point between the city limits as they exist on January 1, 1962, on State Road 715. This is to be so regardless of what any studies or surveys may recommend. We feel this is consistent with what our understanding has been during these entire negotiations.
We will await further word from your Board as to the proposed survey."

UNCLE DAN from DOOLIE says:

Dear Mister Editor:
I see by the papers where I am science fiction is claiming that people on earth will gradually squeeze themselves to death. They figure the population of the world is increasing by 46 million a year and it's a simple matter of figures that in a little time they won't be no standing room left.
I ain't no Fort Knox on science and figures but I recollect when me and my old lady got married the nearest neighbors was out here lived three mile away. Right now we got two neighbors that lives less than 300 yards away and I can see how we could sit squeezed to death if this trend keeps up.

We was discussing this item at the country store Saturday night and Ed Doolittle alleged as how he aimed to take shelter in the stable with his mule when the population explosion got to the squeezing point. Ed says his old mule ain't let nobody but Ed in the stable and as a extra precaution against any undue squeezing from his neighbors, he'll keep the mule's head aimed at the door.

Some of the fellers claimed the population problem had its good points if it could be stopped at the right time. Zeke Grubb reported that according to the latest per capital figures his part of the national debt was now \$4,165. Zeke says if they can hold off payment on the national debt till the population is about to explode, his per capital part could be reduced to around \$150 and he'd give the Government a whiteface own in full settlement.

Clem Webster was predicting that the time is coming when all debts will be cancelled and everybody will start off gitting in debt. Clem says Franklin Roosevelt claimed the national debt was just common sense owed to each other. If the New Frontier will go along with this idea, allows Clem, he'll conquer the matter closed on the \$4,165 he owes.

Bug Hookum was lamenting how styles in work clothes change from one generation to another. For instance, Bug said when he was a boy he was always worry-

ing about gitting run down and killed by a mule with a shuck collar on, and today Ed's got to worry about bedding down with the mule to keep from getting squeezed to death. He claims they ain't much future to a situation where we ain't got but two choices, bomb explosion or population explosion.
This is a mighty bad time, Mister Editor, for this feller M. Namara to come out and say the folks back home is "worrying" about the world situation. It would seem to me that a heap would depend on how much worrying he calls daily.
Yours truly,
Uncle Dan

Optometry Scholarships For Florida Residents

Five full scholarships in optometry are available to qualified Florida residents, given by the State Board of Optometry. Dr. Russell G. Young of Lake Worth announced, Dr. Young is president of The Florida East Coast Optometric Association.
Dr. Young was notified of these optometric scholarships by Dr. Albert H. Rodriguez, secretary-treasurer of the state board. Each of the scholarships provides \$1000.00 for each of four years. They are open to students who have completed 60 semester hours of college work in basic sciences, biology and mathematics. Applicants must be legal residents of Florida and must have been accepted by a school of optometry. Dr. Young explained.
Applications for the scholarships should be made to Dr. Rodriguez, 202 North Howard Avenue, Tampa, by June 30, Dr. Young concluded.

Stainless steel foil, rolled thinner than paper, was used as heat insulation in the space vehicles of American's two astronauts.

Proclamation

State of Florida
Executive Department
Tallahassee

WHEREAS, cancer took the lives of more than 8,200 of the citizens of our State last year, and is the Number One Killer of American children of school age, and
WHEREAS, an estimated total of 15,000 new cases of cancer will be detected among Floridians this year, and
WHEREAS, the American Cancer Society, through its programs of research, education and service, has helped save more than 1,100,000 Americans, alive today, cured of cancer, and
WHEREAS, today one-half of all cancer patients could be cured, with research offering the prospect of new cures and the hope of future cancer prevention, and
WHEREAS, increased voluntary contributions to the American Cancer Society are needed to attain these aims;

NOW, THEREFORE, I, Farris Bryant, by virtue of the authority vested in me as Governor of the State of Florida, do hereby proclaim April, 1963, as **CANCER CONTROL MONTH** in Florida and urge that every citizen of our state observe and participate in this program, through support of the American Cancer Society and by learning from the Society the life-saving facts about cancer, vital to personal protection from this disease.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed at Tallahassee, the Capital, this 29th day of March, A. D. 1963.
Farris Bryant, Governor
ATTEST:
Tom Adams
Secretary of State

New Lock Planned On Caloosahatchie

The U. S. Army Corps of Engineers in Jacksonville today called for bids to be opened May 2 for construction of a new lock and spillway on the Caloosahatchie River about 10 miles upstream from Fort Myers.

Estimated to cost \$4 million, the 408-by-88-foot lock will be located between State Roads 78 and 80 just above Opa. The spillway dam, containing eight gates, each 38 feet long, for releasing excess water, will stretch about 340 feet across the waterway. Concrete piling will connect the walls of the lock and spillway to the sloped earth banks on either side of the waterway.

An existing crook in the floodway channel will be straightened when the lock and spillway are completed. An earthen dam will block the existing channel and the new straight channel will be opened to flow. The new lock and spill-

Also involved in the contract, which is expected to take more than three years to complete, is construction of an office building, access road and other adjacent work, according to the Corps of Engineers.
Upon completion of the new 38-foot-tall lift lock, the Caloosahatchie River will have three locks. The other two are located at Orians and Moore Haven, closer to the entrance to

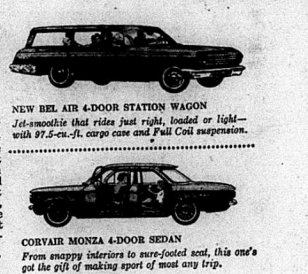

Lake Okechobee. Work is now underway on dredging the river as a floodway channel under the Central and Southern Florida Flood Control Project.

Graduates Seriously Choosing Career In Nursing May Apply For Scholarship

The Scholarship Committee of Belle Glade Memorial Hospital Women's Auxiliary is now prepared to receive applications from those high school graduates seriously considering nursing career. The chairman of the committee would remind the students that their first real consideration in choosing a nursing career is whether or not it is

the career for them. Each profession makes its own special demands upon its members and nursing is high in terms of Character and Responsibility. The student approaches nursing as a profession for the promotion of individual, family and community health. To become a good nurse she will need intelligence, a happy outlook on life and a real desire to help people.

Professional preparation in a college or university is a wonderful way to insure a future as she gives of herself, her knowledge and skills.

With changing times many new challenging responsibilities are presented to nurses so as new horizons open up collegiate nursing education becomes essentially a marriage of college studies, that heightens general knowledge arts, social sciences, the humanities — while at the same time preparing a student to work effectively as a professional nurse in a modern society.

College courses in Nursing add the special abilities essential for nursing practice. The criteria established for those students interested in the nursing scholarship can be obtained by writing to the Chairman at the local hospital or to the Principal at the high school.

Watch it when the horsepower under the hood exceeds the brain power behind the steering wheel.

Members of the 82d Airborne Division are in the process of completing basic training at Fort Jackson, S. C. McKinstry, son of Mr. Gladis R. Guthrie, 1047 W. 67th St., Hialeah, was graduated from Pahokee High School in 1953.

Two Glades Students Make FSU Dean's List

Miss Ouida Lanier, daughter of Mr. and Mrs. R. W. Lanier of Belle Glade and Susan Gracioso of Pahokee were among those at Florida State University making the Dean's List.

The Dean's list contains the list of undergraduates carrying 12 or more semester hours, who made an average of B (3.0) or higher during the fall term.

(ATHNC) — Army Pfc Carlo T. Raineri, 18, son of Mr. and Mrs. Hugo J. Raineri, Pahokee, Florida, recently participated with other personnel from the 82d Airborne Division in Exercise Banyan Tree III, a two-week Army-Air Force mobility exercise in Panama.

During the exercise members of the 82d, which is regularly located at Fort Bragg, N. C., were flown to Panama where they made a combat-type parachute jump and participated in combined — arms maneuvers. The 82d, a major Strategic Army Corps (STAC) unit, constantly maintains a readiness force for immediate deployment to any area of the world. Raineri, a rifleman in Company E of the division's 504th Infantry, entered the Army in May 1951 and completed basic training at Fort Benning, Ga. Raineri attended Pahokee High School.

KEESLAR AFB, Miss — Airman Third Class Thomas W. Mann, son of Mr. and Mrs. Arthur J. Mann of 1325 N. W. 12th St., Belle Glade, Fla., is being assigned to Eglin AFB, Fla., following his graduation from the United States Air Force technical training course for radar operators here.

Airman Mann studied the operation of semi-automatic ground environment (SAGE) and manually-operated radar systems.

The 18-year-old airman is a graduate of Belle Glade High School.

Army Specialist Four Samuel McKinstry III, whose wife, Linda, lives at 580 E. Main St., Pahokee, Fla., recently participated in a combined arms phase of the five-week 4th Armored Division field training exercises in the Grafenwohr-Hohenfels area of Germany.

The exercises stressed the ability of infantry, artillery, armor and logistical support units to work together under combat conditions. Training of this nature is designed to maintain a constant state of combat readiness; essential to a modern Army deployed to maintain the defense of the free world.

The 24-year-old soldier, whose father lives in Pahokee, is an

Members Urged To Attend Hospital Auxiliary Meet

The Women's Auxiliary of the Belle Glade Memorial Hospital will hold their monthly work shop and meeting on Tuesday, April 10th at 2 p. m. It is requested that members make a note of this date and plan to attend as some pertinent questions have to be discussed and voted upon.

Those members who have not completed their districts in the recent Membership Drive will kindly do so and report before next Tuesday to Mrs. Allen J. Baker, Chairman of the Drive, in order that a final tabulation can be made and audited.

It is important at this time a complete list of all ACTIVE MEMBERS BE MADE SO PLEASE send your name, address and phone number to the

president at the hospital. Former active and inactive members are urged to be sure they are listed in order to keep the community and themselves can avail themselves of this opportunity.

How a Shell research team got 168.47 miles per gallon

A Shell research team drove this car to a Mileage Marathon record. They used the same Shell fuel that could be bought at Shell stations.

168 miles per gallon must be a world record. Here's how the record was made—and how a quiet marriage of careful driving and today's Super Shell can help you get better mileage.

SOME years ago, a group of Shell scientists had a friendly argument. The gist of it: who could get the most miles from a gallon of gasoline. They decided to find out. And Shell's Mileage Marathon was born. All contestants had to use the same gasoline anybody could buy at a Shell station. Beyond that, the Marathon had few rules. And ingenuity ran wild.

How the record was set

Here are some of the things that Dave Berry and Fred Schuette, the winning team, did to set their record.

None are recommended for informal marathons. But they do offer a few clues on how to get more miles per gallon.

- Berry and Schuette removed their engine cooling fan to save power and muffled their radiator to retain heat.
- They used tires worn smooth and pumped up to 50 pounds pressure to cut rolling friction to a minimum.
- On the road, they accelerated to 20 miles per hour, cut the ignition and rolled until speed dropped to 5 miles per hour. Then they repeated the cycle.

NOTE: they used a standard carburetor

from an old one-cylinder engine.

Since "on-and-off" driving is illegal on public roads—and since most Marathon modifications are dangerous for normal use—you may wonder if Shell's Mileage Marathon had any point.

Indeed it did. In the months of preparations, every contestant learned a bit more about the care and feeding of automobiles. Knowledge of this sort gets passed along to you in the form of better Shell products for your car.

EXAMPLE: As a result of Shell's research studies, including many mileage tests, one of the 9 ingredients in today's Super Shell is a mileage-booster called Platformate. This ingredient alone can release up to 8 percent more energy per gallon than the finest 100-octane aviation gasoline. Result: extra mileage.

To help boost mileage even more, follow these driving tips from Berry and Schuette.

How you can save gasoline

1. Don't race your engine when standing still. Unnecessary engine speed is pure waste and takes you nowhere.

2. Avoid jackrabbit starts. Fast getaways waste gasoline and power.
3. Drive at moderate speeds. Your car uses about 25 percent more gasoline at 65 mph than at 45 mph.
4. Keep an even speed. Ragged driving uses extra fuel—without taking full advantage of the power it could generate.
5. Pace yourself in traffic. Don't be the fastest or the slowest. You'll just be trapped into wasteful spurts and slowdowns.
6. Keep tires up to their proper pressure. Soft tires can soak up power.
7. Ask your Shell dealer about these checks: Spark timing should be set correctly. Fuel filters and air cleaner should be cleaned regularly. Brakes should be properly adjusted. And your cooling system thermostat must work right.

Motorists who follow these rules, and use Super Shell, can expect good mileage. Chances are, you can improve the mileage you are now getting. Now that you know how, why not give it a try?

Where to get today's Super Shell

Livestock Market As A Whole Mostly Steady And Weak

A total of 657 head (157 calves, 500 other) sold for \$64,092.25, at Glades Livestock, Market Assn. April 2, 31 percent went to Slaughter; 69 percent to Stocker; 19 percent of the run was cows; 86 percent to Slaughter.

"Market as a whole mostly steady and weak" in quoting the USDA report, George Young manager, said we use his exact figures. Monday we had 38 stocker steers averaging 568 lbs. that returned \$25.64 per cwt. when sold in lots of 17 and 21 and because there were a total of 270 stocker steers selling, the USDA report is correct. Young said he was not exaggerating when he says there is a demand for 10,000 stocker steers immediately.

Wildlife Refuge
Gets Paved Road
Commissioner Ben Sunday, this week won support of the county commission to immediately begin paving a mile of road which leads to the headquarters site of the Loxahatchee Wildlife Refuge.

Sunday said the commission had previously built a shell road to the refuge, opening up a vast new territory for hunters. At the present time he said increased traffic over the road and the fact that the Federal Government wants to start developing refuge headquarters, makes it necessary to improve the road.

The Commission approved Sunday's suggestion that the road — located off State Road 7 between Delray Beach and Boynton Beach, be scheduled for completion immediately.

Smathers Seeks
(Continued from Page One)
bors in the Western Hemisphere works so smoothly that the average citizen is not even aware of its existence.

The Senator pointed out that "50% of the sugar used in our state in '59 and '60 was imported as refined sugar, but in '61 after the President's embargo on Cuban sugar, only 20% of the sugar used in Florida was imported."

Both Houses were asked by the Senator to hurry consideration of a new act, with hearings, so that "we may have full and ample opportunity to consider all the ramifications of the act in legislation. We all know what has transpired in the past when it was only at the very last minute that the House sent us a sugar bill to consider."

The Senator apparently wonders why "the administration has not yet sent its bill to the Congress," for he says, "if history is any indication our committees are not doing as terribly influenced by any proposals about which they do not already knowledge they will arrive at their own independent judgments."

Senator Smathers ended his presentation with "I think it is incumbent upon us now to assign a fair and reasonable share of the sugar market in this country to our domestic industry. If we fail to permit our own US producers and refiners to share more fully, I can say with sad assurance that the industry in my State will be dealt a most severe attack."

Kickoff Coffee

The cure rate for cancer has climbed from one out of seven 25 years ago to better than one out of three today. This year, 42,000 people will be seen from cancer who would have been lost had they developed the disease 10 years ago.

Given increasing support by the public, victory over cancer will come just at it does to so many other diseases, Massey said.

The Crusade goal for Palm Beach County this year is the greatest in the history of our organization, Massey reported. Though it is still more to early to predict the outcome, all our volunteers are confident that the goal will be reached and early returns appear to bear out this confidence, the chairman said.

Don't be critical of the poor dumb boob, everyone can't be as smart as you think you are.

Make 'Em Wild
Turn 'Em Loose
The Game and Fresh Water Fish Commission's Game Management Division released 41 hogs weighing a total of 2,925 pounds on the Commission owned 97,000 acre J. W. Corbett Wildlife Management Area, according to James A. Powell, Project Leader, Game Management Division.

This release by the Commission will supplement the hog restocking effort, recently made by the Wildlife Conservation League of Palm Beach County, it was stated.

Powell added that wild hog hunting in the J. W. Corbett Wildlife Management Area greatly increased the recreational area gains enjoyed by South Florida sportsmen.

Louis Kirkman
Elected President
Of Rotary Club

In its annual election Friday, the Belle Glade Rotary Club elected Louis Kirkman as its President, along with a full board of Directors.

Bobbie Hooper was elected Vice President and Freddie Steiner, Secretary, with Harold Zump as Treasurer.

Fritz Stein, Lee Cranford and George Young were other directors elected.

Installation of these officers will take place in June.

Elks Will Sponsor Ernest Tubb Show

Ernest Tubb, celebrated star of country music, will be the Texas Troubadours, and his band, the Texas Troubadours, will sponsor a show and dance at the National Guard Armory at 8:00 p. m.

Ernest, who speaks with a real Texas drawl, entertains any audience in the finest of style and is recognized as one of the top box-office attractions in show business. A few years back he attracted many people in all phases of the entertainment world when he broke all attendance records at Carnegie Hall in New York City.

Tubb is now celebrating his fifteenth year with the Decca Recording Company and has sold millions of phonograph records and has made personal appearances in nearly every city of the United States and Canada. He was the first country music star to volunteer to go overseas to entertain our Armed Forces.

Ernest, his lovely wife and five children, who live in Nashville and his favorite sport is playing golf. He is current year, selling many records. "Most played by disk jockeys."

Advance tickets may be purchased at the Elks Club, South Bay School, Glades Drug, Sullivan's or Wallis Pharmacy or Ocoola Camp Office.

Hechler Entertain Virginia Associates

Mr. and Mrs. A. H. Hechler are entertaining at their home and along the southeast coast of Florida four couples who are associates in the Chevrolet dealership in Virginia.

This Florida trip is given as a result of a contest or campaign in which the husbands came out on top.

The bright lights of the east coast vie with the farming industry of the Glades as objects of interest to the visitors.

Those visiting here are Joe Pritchard, Ted Patrick, Chas. Conover and H. L. Madison and wives.

Mr. Hechler's sugar cane and beef production activities on the former Graber and Campbell farms are being added to with an announcement expected soon with details.

Poppy Day Sales Bring \$200.55

American Legion Auxiliary Poppies in Belle Glade, Pahokee and Canal Point, collecting a total of \$200.55 donations. Mrs. Mildred Larrick announced.

Poppies are made each year by disabled Veterans in the V. A. Hospital at Durham, N. C. Monies collected will help provide gainful employment and needed work therapy for the thousand of service men still hospitalized with wartime injuries.

This year more than 25,000-000 of the colorful paper flowers were made by these hospitalized veterans in the 1,000 room city locally for distribution. Poppy Day Chairman Mrs. Esther Ringo said.

Relief Cost 80c Less
Per Capita Last Year
Each citizen's share of the cost of Florida's welfare program came down from \$16.78% to \$15.95 in the last four years. These figures represent combined state and federal funds. In state funds only, the decline was \$5.39 to \$4.56, per capita cost.

The decline in each person's share of the welfare program is due to the increase in population: from 3,878,465 in fiscal year 1956-57 to 5,116,887 in fiscal year 1960-61.

In total dollars spent, Florida's state welfare program grew from \$64,940,267.93 in 1956-57 to \$81,814,021.41 in 1960-61, combined state and federal funds. The increase in state funds was from \$20,514,334.95 to \$23,351,398.97.

The largest single item of increase was for prescribed medicines. This did not begin till 1958, but for fiscal year 1960-61 the amount of state federal funds spent was \$4,518,828.57. This provided medicines to the aged, blind, and disabled, though not to dependent children.

The next largest item of increased cost was for old age assistance which grew over two and a half million dollars from \$39,641,673.24 in 1956-57 to \$42,878,854 in 1960-61, in combined state-federal funds. Of this increase almost half was in federal funds for nursing home care of the aged recipients.

Passion Play Trains Bring Easter Visitors

Attendance at the world-famous Black Hills Passion Play here will be substantially increased this season by the operation of special trains from the Tampa and Orlando areas.

Last week a 19-unit Atlantic Coast Line special carrying 719 people proved a huge success with the cooperation and support of many churches, newspapers, TV and radio stations.

Persons making the train trips

may take along a picnic basket lunch and sit right in their seats. Also, each train will include a baggage car equipped to serve sandwiches, hot coffee and soft drinks.

The Amphitheatre Corporation, Lake Wales Chamber of Commerce, and civic minded citizens will provide cars with drivers to transport the special train passengers the two miles from the Coast Line depot to the Amphitheatre and return.

IT'S CLEANER! There's no fuel grime to stain walls and settle on curtains. No soot to blacken utensils...they keep shining bright. Your whole family will love the "lace hanky" cleanliness of flameless electric cooking.

IT'S COOLER! Pots and pans come into direct contact with the electric range heating element for speedier cooking without wasted heat. Your kitchen stays up to 16 degrees cooler in the summer.

IT'S SAFER! Only flameless electric cooking is free from fumes, fuel odors, and constant-burning pilot flame. Easy-to-use automatic controls regulate the heat and do away with pot-watching. Make cook to perfection while you're away...giving you more time for family, shopping and doing other things...with precious peace of mind.

Cooking with flameless electricity is the smartest way today—tomorrow the only way. See your electric appliance dealer.

A FLAMELESS ELECTRIC RANGE IS INCLUDED IN EVERY MEDALLION HOME

There's no match for flameless electric living...IT'S CHEAPER, TOO!

Passion Play Trains Bring Easter Visitors

Attendance at the world-famous Black Hills Passion Play here will be substantially increased this season by the operation of special trains from the Tampa and Orlando areas.

Last week a 19-unit Atlantic Coast Line special carrying 719 people proved a huge success with the cooperation and support of many churches, newspapers, TV and radio stations.

Persons making the train trips

may take along a picnic basket lunch and sit right in their seats. Also, each train will include a baggage car equipped to serve sandwiches, hot coffee and soft drinks.

The Amphitheatre Corporation, Lake Wales Chamber of Commerce, and civic minded citizens will provide cars with drivers to transport the special train passengers the two miles from the Coast Line depot to the Amphitheatre and return.
